SECOND SUPPLEMENTAL INFORMATION DISCLOSURE STATEMENT AND PETITION

**MAIL STOP: AFTER FINAL**

Commissioner of Patents  
P.O. Box 1450  
Alexandria, VA 22313-1450

Dear Sir:

Supplemental to the Information Disclosure Statement filed on March 17, 2008, Applicants are enclosing Form PTO-1449 disclosing the reference cited in the German Patent Examination, and Opposition Proceedings on June 17, 2008.

It is firmly believed that this document is not relevant with respect to the subject matter of claims 2 to 5 and 6 to 8 for the following reasons.

*U.S. Patent No. 2,300,769A* discloses perfume sticks which leave no permanent residue of any kind (see page 1, right-hand column, lines 15 to 18). Therefore, completely volatile fatty

alcohols like C 12-, C 16- or C 18- alcohol are used. To the contrary, with the present patent application a water soluble substance as carrier material for fragrances is claimed. U.S. Patent No. 2,300,769A is neither concerned with such water soluble carriers nor provides any suggestion to use C 22- alcohol to those skilled in the art. This is because a C 22- alcohol is not sufficiently volatile, and therefore will leave a permanent residue.

Enclosed is a check for \$130.00 to pay for the U.S.P.T.O. Surcharge which is the official fee required in connection with this Second Supplemental IDS.

However, the Commissioner is hereby authorized to charge Deposit Account No. 03-2468 for any additional fees or credit any overpayment in connection with this Second Supplemental IDS.

This is also a Petition requesting consideration of this Information Disclosure Statement. A certification under U.S.P.T.O. Rule 97(d) and (e)(1), is hence that each item of information contained in the Information Disclosure Statement was cited in a communication from a foreign patent office in a counterpart foreign application not more than three months prior to the filing of the statement. This is because the date of June 17, 2008, from the German P.T.O. is not more than three months from the date given below.

It is respectfully requested that the foregoing Second Supplemental Information Disclosure Statement be incorporated into the official file of the above identified patent application.

Respectfully submitted,  
Raymond HEINZ ET AL.
